(b) The tool Cyber Check Suite Version 1.0 released in February, 2004 comprises the following modules:

(i) Trueback: Disk imaging tool to seize and acquire digital evidence

(ii) Cyber Check: Tool for data recovery and analysis of digital evidence

(iii) E-mail tracer: Tool for tracing/tracking an e-mail

(c) and (d) Yes, Sir. E-mail tracer, in the context of cyber crime, helps to track down the identity of an e-mail sender. This is an effective too in solving Cyber crimes relating to anonymous e-mail, threatening e-mail etc. Trueback and Cyber Check primarily help in collecting digital evidence relating to Cyber Crimes and presenting them in a way acceptable to the Court of Law. Cyber Check also helps in analyzing evidence digitally, retrieving as much useful information as possible from the suspect computer.

Improvement of Mobile Services in border areas of Jammu and Kashmir

716. SHRI T.S. BAJWA: Will the Minister of COMMUNICATIONS AND INFORMATION TECHNOLOGY be pleased to state:

(a) the number of cellular phone's tower functioning in Jammu and Kashmir at present;

(b) the number of cellular phone's tower to be activated in Jammu and Kashmir during 2004-05;

(c) the names of cities and border towns without the mobile service; and

(d) what steps Government have taken to improve the mobile service in border areas of Jammu and Kashmir?

THE MINISTER OF STATE IN THE MINISTRY OF COMMUNICATIONS **AND** INFORMATION TECHNOLOGY (DR. SHAKEEL AHMAD): (a) Government as a licensor has issued four licences for providing mobile services in Jammu and Kashmir namely Bharat Sanchar Nigam Ltd. (BSNL), M/s Bharati Cellular Ltd., M/s Reliance Infocom Ltd. and M/s Disnet DSL Ltd. At present BSNL and M/s Bharati Cellular Ltd. are providing mobile service in Jammu and Kashmir. Both of them have commissioned 210 cellular phone towers.

(b) The number of cellular phone's towers proposed to be activated in Jammu and Kashmir during 2004-05 is about 251.

(c) The names of cities/towns where the mobile services are available are given in the enclosed Statement (See below). The remaining cities/ towns are yet to be provided with mobile service.

(d) BSNL has planned expansion of its cellular network in J&K by 2.8 lakhs lines during the year 2005. The border towns falling in the buffer zone within 10 kms. of International border, would also be covered subject to security clearance on case to case basis. Private operators are also likely to expand their networks based on their business plans.

Statement

Details of the City/Town with Cellular Mobile Service ***in*** *J&K*
